I received a JackieTrust<sup>®</sup> Stuff&Stock<sup>®</sup> as a gift. JackieTrust is teaching me about money management through long-term investing.

This meaningful gift, along with engagement from adults and JackieTrust, will help build financial literacy skills and wealth.

By depositing money into the stock account you can help my portfolio grow. Your continuous investment in *me* will be life changing.

*My stock is:* \_\_\_\_\_

*Make check payable to the company and we will mail it in on your behalf.*

I always appreciate your gifts and everything you do. In lieu of gifts, we would certainly appreciate a contribution to the stock portfolio or a new Stuff&Stock<sup>®</sup>

Thank you! \_\_\_\_\_

*JackieTrust<sup>®</sup> offers a gift giving service that teaches young people financial literacy skills. We deliver tangible gifts connected to shares of that company's stock, helping educate youth and young adults about how every day products can translate into corporate profits and building their wealth.*
